

**Year 1 Topic Term 1**  
**Under the Sea**

**English**

We will be reading Finding Nemo and exploring the characters and settings. Developing confidence with sentence structure by using finger spaces, full stops and capital letters correctly.

**Maths**

We will be counting and ordering numbers to 10 and 20.  
Comparing numbers using tens and ones.  
Adding and subtracting using objects.

**Music**

We will be learning songs and music from the Disney film Moana.  
Practising using our voices expressively.

**RE**

We will be thinking about what it means to belong to a community. Looking at our school, the surrounding area and club communities we may be a part of.

**Life Skills**

We will be completing language and communication activities; such as talking politely, role play and public speaking.

**Computing**

We will be exploring using the Paint program on the laptops.  
Different tools will be introduced and used as well as learning how to save and edit their creation.

**Science**

We will learn to identify and name a variety of common animals including fish, amphibians and mammals found under the sea.

**D.T**

We will design, make and evaluate an under the sea costume, thinking about the materials we will need
